

FIXED-PRICE TOP END CHECK

Avoid costly repairs and improve your fuel economy, arrange your tappet and injector adjustment today

**FIXED-PRICE
TRUCK FROM
ONLY
£165*
PLUS VAT**

FIXED-PRICE ADJUSTMENTS:

- Avoid costly repairs and downtime – this adjustment maintains optimum performance and can also reduce risk of valve failure which can result in expensive engine damage
- Improve fuel economy – when carried out by a Volvo Technician, special tooling is used to enable the engine valves to be set precisely
- Keeps emission levels at designated levels
- Increase Engine brake performance (if fitted)
- Annual service requirement

SEE WHAT OUR CUSTOMERS HAVE TO SAY:

I have a Volvo 460 and was delighted with the great service provided by MC Truck & Bus, Burgess Hill, I found the knowledge of an experienced technician very helpful when he explained how having the Top Set adjustment would help save fuel. After completion within a 24 hour period the Truck was fully operational and I found a noticeable improvement on the fuel consumption, reducing the overall running costs.

I fully recommend this service to anyone.

Dean Johnson - Trescom Ltd
